

Safe & Loved CERTIFIED PRACTITIONER

STRENGTHEN YOUR SAFETY AND IMPROVE YOUR CAREER

EVERY SCHOOL SAFETY SUCCESS—

and **failure**—can be traced back to the quality of your **E-SAT** (**Engagement**, **Supervision**, **Access Control**, and **Territorial Reinforcement**).

Refined over **30 years alongside teachers, Safe & Loved** is the only safety approach to help **prevent shootings,** earn **standing ovations from teachers,** and inspire educators (and cops) to postpone retirement—**not once, but routinely.**

AS A CERTIFIED SAFE & LOVED PRACTITIONER YOU'LL BE ABLE TO:

- **Master E-SAT** and make any school immediately **safer**
- **Prevent** the next school shooting
- **Dramatically lower** your vulnerability to violence
- Make your safety **stronger**, **easier**, and **self-running**
- Reduce disruptions, bullying, and staff burnout
- **Equip** teachers to protect and connect **at the same time**
- Make safety and culture **inseparable** so every safety measure builds trust, and every act of care reinforces protection.
- Respond faster and better to danger and threats
- Create **easier** days and **fewer** surprises
- Lower fear and anxiety
- **Increase** staff retention and lessen safety burnout
- Answer any safety question, making you the **most valuable person** in any room
- **Improve your career** trajectory, credibility, and respect
- **And so much more**
