

SPOTTING & STOPPING THREATS

PELHAM, NH 4-5 JUNE 2026

Turning good **student threat assessments** into great ones. Join us and learn the skills, materials, and confidence to accurately assess threats, intervene appropriately, and manage dangerous students.

COURSE TOPICS

- Making confident assessments and **taking life-saving actions**.
- Distinguishing threatening from non-threatening behaviors
- The psychology of violence and understanding **why kids kill**
- Identifying students as **unsafe, struggling, satisfied, or strong**
- Using The **Path to Violence** to determine threat and risk level
- **Spotting threats early** and what it really looks like
- Predicting future behaviors and **calculating potential risk**
- Responding to threats with clarity and speed
- **Safeguard** students from being wrongly labeled and shield staff from making painful mistakes.
- Explaining risk to staff, parents, and media
- Blending Assess & Progress **seamlessly** into academics, discipline, and daily routines
- **And so much more**
